China's Twitter Diplomacy in South and Central Asia

| Project Title | China's Twitter Diplomacy in South and Central Asia |
|-------------------------|---|
| Project Summary | Track and analyze China's influence and engagement strategies in South and Central Asia through social media. |
| Country | India |
| Country/Region of Focus | China |

Project Description

Looking for one or two motivated social media gurus to track the social media accounts of Chinese Ambassadors and embassies across 13 countries in South and Central Asia. Based on this data, produce analysis of China's influence and engagement strategies in the region, as well as how successful (or not) these strategies are.
